Laboratory Problems in Civic Biology (Classic Reprint)

By George William Hunter

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Laboratory Problems in Civic Biology I has become the fashion in modern pedagogy to teach by the so-called Problem Method, that is, to attempt to make the child solve problems from the very beginning of his work in the elementary school. But it is one thing to say to the child, Here is your problem, solve it, and quite another thing to lead him through the several thought processes necessary to the solution of the problem. A child of six may be taught to think, and think clearly, if he is guided so that he makes a generalization after comparison with what his senses tell him he knows. The mistaken notion of our educational system has been that drill and drill alone, pure memory work, is only fitted for the mental life of our young children. Nothing is further from the actual truth. The mental growth of the child is an evolutionary growth, but it is a development based more upon his reaction to the world than upon the mechanism within his body. The nervous...
