Reviews

This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at at any time of your own time (that's what catalogues are for about if you ask me).

MANCHESTER UNIVERSITY PRESS, United Kingdom, 2000. Paperback. Book Condition: New. 2nd Revised edition. 214 x 134 mm. Language: English . Brand New Book. This is the most thoroughly investigated edition of Volpone to date, based on a wider collation of the 1607 quarto and 1616 folio versions than was previously possible. It calls into question several accepted textual conclusions. The introduction sets Volpone in the context of Jonson's career at the time of writing and introduces new material on its relation to the Reynard beast epic and the commedia dell arte. Ambiguities in the play are discussed with reference to two Renaissance perversions of the myth of the Golden Age. Particular attention is paid to the rhythmic effects of the play in performance, especially interweavings of the main plot and subplot. Fresh suggestions are made about the play's opening and its controversial conclusion in the light of experiments that have been made in performance since Volpone's stage revival in 1921. The modernized text is accompanied by full commentary, notes and illustrations. The appendices include a discussion by John Cutts of the original music, passages translated from the original sources and analogues, and a full record of the play's modern stage history, its many adaptations, and its transformations into opera, musical comedy, film and television.
