Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Charlie James has 10 days to live before he is executed for killing a cop. His only chance of an afterlife is to let his internal organs live on after he s gone to the hereafter-or whatever. But the idea of donating his organs doesn t originate with Charlie. The idea comes from Patrick Olsen, Warden at the state prison where Charlie is spending his final days, and whose son needs a kidney. Olsen sends Father John, the facility priest, to plead his case in hopes of convincing Charlie to give his all-and then some to save his son Patrick. Humor is how Charlie deals with life and death matters and his loss might well be somebody else s gain. But the ethical implications associated with capital punishment and organ donation present a major problem for the state and its criminal justice system.
