

Aftershock: Fighting War, Surviving Trauma, and Finding Peace (Hardback)

Filesize: 3.06 MB

Reviews

It is one of the most popular pdf. It really is full of knowledge and wisdom. It's been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

GRANTA BOOKS, United Kingdom, 2015. Hardback. Book Condition: New. 240 x 161 mm. Language: English . Brand New Book. Over the last decade, we have sent thousands of people to fight on our behalf. But what happens when these soldiers come back home, having lost their friends and killed their enemies, having seen and done things that have no place in civilian life? In Aftershock, Matthew Green tells the story of our veterans journey from the frontline of combat to the reality of return. Through wide-ranging interviews with former combatants - including a Royal Marine sniper and a veteran operator in the SAS - as well as serving personnel and their families, physicians, therapists and psychiatrists, Aftershock looks beyond the labels of shell shock and post-traumatic stress disorder (PTSD) to get to the heart of today s post-conflict experience. It pursues the question that the military are so reluctant to ask: why do people who are trained to thrive within the theatre of war so often find themselves ill-prepared for peace? As a new generation of battle-scarred troops begins to lay their weapons down, Aftershock offers an empathetic yet hard-hitting account of the hidden cost of conflict. And its message is one that has profound implications, not just for the military, but for anyone with an interest in how we experience trauma and survive.
